/denis.yevduschenko (https://www.facebook.com/denis.yevduschenko)

Hello! I'm Denis, 27 year old web developer based in Dnipro, Ukraine. I enjoy programming in Java and sometime I want to work with this languages.

I want to grow! Aimed at delivering clean, high-quality, well documented code fully covered with tests. I'm trying to learn from past mistakes and I enjoy learning new things.

I have a healthy lifestyle, do sports. I have good communication skills and open to change. I adapt well to new situations.
